ARIZONA BOARD OF TECHNICAL REGISTRATION

Herbert W. Schneider, Chairman of the Board

Ronald W. Dalrymple, Executive Director

State of Arizona
BOARD OF TECHNICAL REGISTRATION

PROPOSED PROCESS AND PROCEDURE

The investigation unit of the Board of Technical Registration shall, under the direction and general supervision of the Executive Director, investigate allegations of possible violations of Board statutes and rules.

The investigation shall be for the purpose of determining whether or not evidence exists to support the finding of a complaint of violation of Board statutes and rules.

At the conclusion of the investigation, the Executive Director and the Investigation Manager shall review the results of the investigation.

If the investigation results show there has not been a violation of the Board statutes and rules, the Executive Director shall close the investigation file by:

1. Advising the alleged that the investigation results do not show a possible violation of the Board statutes and rules.
2. Advising the alleged that an appeal may be filed with the Executive Director setting forth facts supporting the disagreement with the decision.

If an appeal is filed and, if the Executive Director, after review of the appeal, still believes the file should remain closed the Executive Director shall forward the appeal and the relevant documentation to the Board of Technical Registration for a review of the decision.

If the investigation results show a possible violation of Board statutes and rules, the Executive Director shall direct the Investigation Manager to confer with the Assistant Attorney General as to the sufficiency of the investigation and the Assistant Attorney General's possible need for additional investigation. The investigation shall continue until the case is ready to be presented to the Board.

John A. Bologni, PE (Civil) #20787

- (a) Suspension of civil engineering registration No. 13273 for a period of one (1) year commencing the date Consent Order signed followed by:

- (b) Probation until the following requirements are met:

- 1.) Professional Education – Successfully complete a college level course in the area of soils investigation and engineering design.
- 2.) Peer Review of five (5) projects involving soils investigations.

(c) Costs of Investigation.

Seconded by Mr. Tuttle. MOTION CARRIED.

Note: Mr. Baker abstained from action.

D. Selection of Peer Reviewer

Allegations -

1. M00-082, M00-083, Robert W. Johnson, P.E. (Structural) #07476, P.E. (Civil) #10647, Land Surveyor #16566 – Mr. Baker moved to accept the 3 peer reviewers, Jesse Wyatt, Barry Parker and Thomas Irwin. Seconded by Mr. Greenslade. MOTION CARRIED.

E. Enforcement Advisory Committee

1. P. Douglas Folk – Mr. Tuttle moved to approve the appointment of P. Douglas Folk to the Enforcement Advisory Committee as a Public Member. Seconded by Mr. Baker. MOTION CARRIED.

F. End of the Year Enforcement Status

Mr. Dalrymple stated that the investigative staff has been making tremendous strides in taking care of the old cases. Kathryn Fuller had to take over a unit that had 100% turnover. Her responsibilities and duties have greatly increased, including having to train new investigators and having to accommodate with the loss of an investigator to the Home Inspector's Program. She's been staying ahead and has accomplished a great amount of work in the last two years. Mr. Dalrymple stated that she has contributed an outstanding amount of effort to her job as far as "staying up" with the workload.

6. OLD BUSINESS

- A. Adoption of Minutes – Mr. Tuttle moved that the Board accept the July 10, 2001 telephone conference minutes as presented. Seconded by Mr. Greenslade. MOTION CARRIED.

B. Standing Committee Reports

1. Legislation & Rules Committee – Mr. Tuttle passed out a copy of the August 8, 2001 minutes. He stated that they have been making good progress and have had much support from staff. The item of most importance is to pass back to the Board a recommendation from the Seals Committee by Mr. Scott to change language so that registrants are able to use the technology of electronic signatures, if they desire. The next meeting will be held October 18, 2001 at the Board of Technical Registration, main conference room at 1:30 p.m.
2. Education & Examination Committee – Due to the fact that Mr. Fred Goldman is absent, there is no report at this time. Ms. Lyndes and Mr. Dinsmore were appointed to this Committee.

3. Budget Committee (Mr. Tuttle) – Mr. Tuttle reported that Mr. Dalrymple gave them good news. The budget shows that we have spent less than we were appropriated for the fiscal year ending on June 30, 2001. We were budgeted \$ 1,101,438.00. At the end of the year we carried forward slightly over \$76,000.
4. Professional Conduct Committee – We will be eliminating this committee.

7. EVALUATION OF APPLICATION UNDER A.R.S.32.122.01.E

1. Robert Mulvey – Environmental Engineer – (Mr. Greenslade) - Mr. Greenslade moved to approve applicant to take the Principles and Practice Professional Examination for Environmental Engineers. Seconded by Mr. Baker. MOTION CARRIED.
2. Timothy Dixon – Civil Engineer – (Mr. Goldman) - Mr. Baker moved to allow applicant to take the Civil Examination in October of 2001. Seconded by Mr. Dinsmore. MOTION CARRIED.

8. NEW BUSINESS

- A. Registration Evaluation Committee Recommendations
Mr. Tuttle moved to approve and accept the Evaluation Committee Recommendations for items # 1 - # 5, inclusively.
 1. Recommendation for approval of professional registration or in-training designation.
 2. Recommendation for approval to sit for the professional or in-training examination.
 3. Recommendation for denial to sit for the professional or in-training examination.
 4. Recommendation for denial of professional registration or in-training designation.
 5. Recommendation for withdrawal of application.Seconded by Mr. Greenslade. MOTION CARRIED.
- B. Granting of Registration Numbers
Mr. Tuttle moved to approve the Grant List dated 8/22/01, beginning with Ayers #36787 to #36862. Seconded by Mr. Starling. MOTION CARRIED.
- C. Lapse List
Mr. Tuttle moved to accept and confirm the lapse list as presented. Seconded by Mr. Greenslade. MOTION CARRIED.

- D. Home Inspectors Committee Update
Introduction of Mr. Brion Grant, Chairman of the Home Inspectors Committee. The initiating law required that within six months the committee have a rule package to submit to the Board. Mr. Grant stated that they have met that requirement. The committee has been working hard and meeting quite often. This committee has done a fantastic job and concerns itself with what might be good for the home inspectors as well as the public. We will be submitting an emergency rule packet to the Attorney General's office, which would allow us to start taking applications for certification for home inspectors and get the program up and running. Even if the Board adopts the emergency rule packet, it will still have to go through the parallel program, which is the regular rule making process, public hearings, and adoption and publication by the Secretary of State. Attorney General rule authorization will allow us to implement the program during the time that the rules are being drafted. The main reason for the emergency rules is due the tremendous amount of interest in being a certified home inspector, by the media, members of the public and people who want home inspection regulated. In addition, there is no money in this year's budget for this program.

E. Home Inspectors Rule Package.

The Home Inspector Rules and Standard Committee believes that they have a good and progressive rule package, something to inaugurate with. The committee is struggling a little bit on our "3-legged stool", between the education, testing and experience. We have had some difficulty in determining the experience requirements. The big question is what is a good number of required inspections taking into consideration fairness to the public and to the home inspectors. Ms. Tina Gobbel, representing the American Institute of Architects, (AIA) introduced a letter from Mr. Ed Marley, who is past President of AIA, with questions regarding the new rules that are being drafted. This letter will be distributed to the Home Inspector Rules and Standards Committee at their next meeting.

9. CONTINUING AGENDA ITEMS

1. Geological Engineering Exam (W. Greenslade) - Mr. Greenslade stated to the Board that there is no report at present time.
2. Structural Engineering Exam (C. Baker) - Mr. Baker stated that he will be asking the Structural Engineers Association of Arizona for three additional members for a working group with experience to look at this issue.
3. Golf Course Design (R. Dalrymple) - Mr. Dalrymple stated that there is a matter of concern: the life and safety issues of the cart

paths on golf courses. He also addressed the issue of some type of certification for golf course architects.

4. Waiver of In-Training Exam (F. Goldman) - Due to the absence of Mr. Goldman, there was no report.
 5. Expansion of Land Surveyor Exam - Future agenda item.
10. **RULES FOR WRITTEN CONTRACTS FOR SURVEYORS**
The Arizona Professional Land Surveyors adopted minimum standards on April 12, 2001 and submitted them to the Board with the request that the Board consider adopting them. They were submitted to the Governor's Regulatory Review Council (GRRC) for review to become the Arizona Boundary Survey Minimum Standards. There is no requirement in the Minimum Standards for a written contract. Mr. Greenslade made a motion that the rules committee review the Minimum Standards and draft a rule requiring some type of written scope of work or written contract requirement for all Arizona land boundary survey engagements.
11. **NCEES REPORT**
Tabled.
12. **NCARB REPORT**
Mr. Schneider reported it was a mild meeting. The only matter that concerned Mr. Schneider is that it appears there will be a 5-year pre-architect NCARB certificate.
13. **REPORT TO EXPAND THE STATE PORTION OF THE ARIZONA PROFESSIONAL LAND SURVEYOR EXAM.** (Mr. Tuttle)
To be added to continuing agenda items.
14. **NATIONAL AND INTERNATIONAL COMITY**
Mr. Baker stated that he has been appointed by the president of the NCEES to be on the Personal and Business Mobility Committee.
15. **INVITATION TO THE APEGGA MEETING**
Two years ago NCEES tried to start communication with Canada in order to obtain national recognition of the Canadian Commonwealth System. Education and licensing in Canada is quite different from ours. The Canadians invited some of the state administrators to a meeting in Alberta on December 6 and 7, 2001. Mr. Dalrymple was asked by the Board to attend and to check the budget and advise the Board whether one or two Board members could also attend.
16. **WEB SITE PRESENTATION** (Dan Grout)
Mr. Grout demonstrated the proposed new web site features for the Board.

17. ACCEPTANCE OF THE NCARB SEISMIC MONOGRAPH AS FULFILLMENT OF THE SEISMIC REQUIREMENT IN OUR STATE.
Ms. LaVern Douglas asked the Board whether our state will be accepting the Seismic Monograph Exam in place of the Division E Lateral Forces Exam, for those candidates who had not taken the Seismic Exam prior to 1965. Washington is going to accept the Seismic Exam. Ms. Douglas created an information packet for the Board's review. Mr. Dalrymple stated that this matter does not apply to us because of our rule setting ten-year of practice as an exemption of the requirement for examination.
18. FUTURE AGENDA ITEMS
Home Inspectors Rules.
Expansion of State Professional Land Surveyor Exam (Mr. Tuttle).
Meetings for the year 2002.
19. FUTURE MEETING SCHEDULES
September 11, 2001 Telephone conference.
October 9, 2001 Telephone Conference.
November 13, 2001 Telephone Conference.
December 14, 2001 Quarterly Meeting.
20. ADJOURNMENT
